O POSITIVE HEALTH – MASTER CALLER SCRIPT

OPENING SCRIPT

Hello, Good Morning, am I speaking with **[Patient Name]**?

Hi, this is **[Caller Name]** from **O Positive Health**, calling from our hospital coordination desk.

We are associated with multiple multi-speciality hospitals and experienced doctors, and we assist patients with various types of treatments and insurance coordination.

We received your inquiry on our portal regarding **(Treatment Name)**.

May I confirm — are you looking for treatment for yourself, a family member, or a friend?

IF PATIENT SAYS NO

That’s absolutely fine. I’m glad to hear you’re doing well.

If you don’t mind, could you please save my number for future reference?
In case anyone in your family or circle requires hospital-related services, you can share our contact.

We also provide a ₹2000 referral bonus upon successful treatment completion, transferred via UPI on the same day.
Additionally, your referred patient receives a ₹2000 discount.

Thank you for your time.

IF PATIENT IS BUSY

No problem at all.

When would be a better time to call you back today?

IF PATIENT SAYS YES → QUALIFICATION FLOW

Keep tone friendly and conversational.

Just to understand your requirement better:

• Which specific treatment are you looking for?
• May I know your age?
• Since how long have you been facing this issue?
• Are you experiencing pain or discomfort?
• Have you consulted any doctor so far?
• What did the doctor suggest?
• Was surgery recommended? If yes, which surgery?

• Within how much time did the doctor suggest treatment?
• Do you have previous reports like MRI, ultrasound, blood tests?
• Which city are you currently in?

If different city: We have experienced doctors and advanced technology in Delhi NCR. Would you be comfortable traveling if needed?

INSURANCE QUALIFICATION

• Do you have any health insurance policy or mediclaim?

If Yes:
– Is it corporate or personal policy?
– How old is the policy?

If No:
Are you planning treatment via cash payment, EMI, or insurance?

If insurance does not cover:
Would you consider self-pay or EMI options?

SPECIAL QUALIFICATION – LASIK ONLY

• Are you currently using spectacles or contact lenses?
• Do you know your approximate eye power?
• Has your power been stable for at least one year?
• Have you consulted an eye specialist before for LASIK?

Ideal candidate:
✔ Age 18–40
✔ Stable power
✔ Spectacle user
✔ Same city or willing to travel

DECISION AUTHORITY

Will you be making the final decision, or will a family member also be involved?

When are you ideally planning to get the treatment done?

(Immediate / 1–2 weeks / Exploring)

EDUCATION + TRUST BUILDING (LASIK)

Based on what you've shared, you seem like a suitable candidate for LASIK.

Would you like me to briefly explain the procedure?

LASIK is a laser procedure that typically takes 10–15 minutes.

• No stitches
• No injections
• Minimal discomfort
• Numbing eye drops are used
• Most patients notice improved vision within 24 hours

Recovery time is usually very quick. Many patients resume routine activities within a day or two.

At O Positive Health, we connect patients with experienced eye surgeons using advanced laser technology.

Final eligibility is always confirmed after a detailed eye examination.

COST HANDLING (LASIK EXAMPLE)

If patient asks: “What is the cost?”

Cost depends on:
• Eye power
• Cornea thickness
• Type of laser (Standard / Blade-free / Contoura Vision)

Normally, it ranges between ₹35,000 to ₹95,000 for both eyes.

Final cost is confirmed only after detailed testing.

Would you like me to schedule a free evaluation?

GENERAL SURGERY COST RESPONSE

Exact cost depends on diagnosis, hospital, and room category.

Approximate ranges:

Kidney Stone: ₹40,000 – ₹1.2 lakh
Hernia: ₹60,000 – ₹1.5 lakh
Knee Replacement: ₹2 – ₹4 lakh
LASIK: ₹35,000 – ₹1.1 lakh
Cataract: ₹20,000 – ₹1.2 lakh
Gynecomastia: ₹35,000 – ₹80,000
Lipoma: ₹5,000 – ₹50,000
Rhinoplasty: ₹50,000 – ₹90,000

If insurance is active and eligible, major expenses may be covered.

INSURANCE HANDLING

Yes, we assist with cashless approvals if your policy covers the treatment and waiting period is completed.

For reimbursement cases, we assist with documentation.

May I request you to share your policy copy on WhatsApp so our team can verify coverage?

Required documents:
• Aadhar Card
• PAN Card
• Insurance Policy
• Registered Mobile Number
• Email ID
• Passport size photo

EMI & LOAN

We offer EMI options through third-party NBFC partners like Fibe.

Interest rate typically ranges between 15%–18% annually, depending on profile and CIBIL score.

Most patients prefer EMI because it makes payment manageable monthly.

Would you prefer a 6-month or 12-month EMI option?

VALUE PROPOSITION – WHY US?

You can directly approach a hospital, but through O Positive Health:

• Hospital comparison assistance
• Package negotiation support
• Faster insurance coordination
• Dedicated support executive
• Discounted diagnostics (up to 50% in selected cases)
• Pickup & drop (up to approx. 80 km, subject to availability)
• Admission & discharge coordination
• Follow-up support

We guide you from first consultation to final follow-up.

COMMON PATIENT QUESTIONS

1. Will there be scars?

Modern surgeries are often laparoscopic or laser-based, which usually means smaller incisions and faster recovery. Final results depend on individual healing and doctor technique.

2. Is surgery safe?

All surgeries carry some risk, but safety depends on proper evaluation and experienced doctors.

3. When can I join office?

Depends on procedure:
Minor laser: 2–5 days
Kidney stone: 3–7 days

Hernia: 5–10 days
Knee replacement: 3–6 weeks
Eye surgery: usually 1–2 days

Final timeline is confirmed by treating doctor.

OBJECTION HANDLING

If patient says “Too expensive”

I understand. That’s why many patients choose EMI options to make it comfortable monthly.

If patient says “I’m thinking”

That’s completely fine. May I ask what’s holding you back — cost, safety, or something else?

If patient says “Is it safe?”

LASIK has been performed worldwide for over 25 years. Safety depends on proper screening, which is why pre-operative testing is essential.

If patient says “Just tell me cost”

I can give you an approximate range, but exact pricing depends on medical evaluation. Would you like to schedule a free consultation for clarity?

STRONG CLOSING LINES

Let’s not delay your health further. I’ll book your evaluation — you can decide after meeting the doctor.

Would you prefer a weekday or weekend appointment?

We have consultation slots available on [Date]. Morning or evening — which works better?

FINAL CONFIRMATION

May I confirm — is this your WhatsApp number (repeat number)?

I will send you:
• Doctor profile
• Hospital location
• Appointment confirmation

Please share your reports and insurance policy copy if available.

Before we end the call — do you have any other questions I can assist you with?

Thank you for choosing O Positive Health.
We are always here to support your healthcare journey.

O Positive Health – Standard Patient Question Handling Manual

1. Where are you calling from?

Answer Script:

I am calling from **O Positive Health**.
We are a Delhi NCR-based healthcare assistance and surgery coordination company.
I am speaking to you from our central support desk.

2. What treatments do you provide?

Answer Script:

We coordinate both major and minor surgical procedures, including:

- Kidney Stone Surgery
- Gallbladder Surgery
- Hernia Repair
- Piles Treatment (Laser & Surgical)
- Knee Replacement
- Spine Surgery
- Cardiac Procedures
- ENT Surgeries
- Cosmetic & Plastic Surgeries
- All types of Eye Surgeries

We provide complete assistance — from hospital selection to discharge and post-surgery support.
We offer solutions ranging from scar removal procedures to complex cancer surgeries.

3. How did you get my number?

Answer Script:

You either submitted a medical inquiry form online or showed interest on a healthcare partner platform.
We contact only verified medical inquiries through our authorized healthcare network.

If you prefer not to receive calls in the future, I can mark your number accordingly.

4. What will be the cost of surgery?

Answer Script:

The exact cost depends on diagnosis, hospital selection, and room category.

Approximate cost ranges:

- Kidney Stone: ₹40,000 – ₹1,20,000
- Hernia: ₹60,000 – ₹1,50,000
- Knee Replacement: ₹2,00,000 – ₹4,00,000
- LASIK: ₹35,000 – ₹1,10,000
- Cataract: ₹20,000 – ₹1,20,000
- Gynecomastia: ₹35,000 – ₹80,000
- Lipoma: ₹5,000 – ₹50,000
- Rhinoplasty: ₹50,000 – ₹90,000
- Squint Surgery: ₹40,000 – ₹80,000

For scar removal or advanced cosmetic procedures, we require clinical photographs for doctor evaluation before confirming the price.

If you have insurance, a major portion may be covered under cashless approval.

5. Do you provide insurance support?

Answer Script:

Yes.

If you have an active health insurance policy and the waiting period is completed, we assist in cashless approval.

For reimbursement cases, we provide complete documentation support.

Coverage depends on your individual policy terms. Kindly share your policy copy via WhatsApp so our TPA team can verify it.

6. Is EMI facility available?

Answer Script:

Yes.

EMI options are available through selected hospitals and finance partners.

We are associated with **FIBE Loan**, a third-party medical finance provider.

Zero-cost or low-interest EMI depends on eligibility and profile.

7. Do you provide medical loans? What is the interest rate?

Answer Script:

We are not direct loan providers, but we assist through trusted NBFC partners.

Our tie-up is with FIBE Loan.

Interest rates generally range between 15%–18% annually, depending on income profile and CIBIL score.

Loan approval depends on your financial eligibility.

8. If I do not have insurance and buy one now, will my treatment be cashless?

Answer Script:

New policies come with a waiting period (usually 2–4 years for pre-existing diseases).

If surgery is already diagnosed, immediate cashless approval is unlikely.

However, buying insurance is highly recommended for future protection.

9. Why should I choose O Positive Health instead of going directly to the hospital?

Answer Script:

You can directly visit a hospital. However, with O Positive Health, you receive:

- Hospital comparison assistance
- Package negotiation
- Faster insurance approvals
- Reduced claim rejection risk
- Dedicated personal support executive
- Free consultation coordination
- Up to 50% discount on diagnostic investigations
- No advance deposit before surgery (via our coordination)
- Free pickup and drop (up to 80 km on surgery day)
- Quick admission and discharge process
- Free follow-up coordination
- Negotiation support if approval amount is reduced
- Assistance in reimbursement for 90 days pre & post hospitalization
- Dedicated personal assistant at hospital

This saves your time, money, and stress.

10. Will there be scars or pain after surgery?

Answer Script:

Most modern surgeries are performed using laparoscopic or laser techniques.

This ensures:

- Minimal incision
- Reduced scarring
- Faster recovery

Final results depend on patient condition and surgeon technique.

11. What is your company name and location?

Answer Script:

Our company name is **O Positive Health**.

We provide healthcare coordination services across Delhi NCR.

This call is from our central support desk.

12. Which cities do you operate in?

Answer Script:

We have hospital tie-ups in:

- Delhi
- Gurgaon
- Noida
- Ghaziabad
- Mumbai
- Pune
- Bangalore
- Hyderabad

Final hospital selection depends on your location and budget.

13. When can I resume office after surgery?

Answer Script:

Recovery depends on procedure type:

- Kidney Stone: 3–7 days
- Hernia: 5–10 days
- Knee Replacement: 3–6 weeks
- Minor Laser Surgery: 2–5 days
- Eye Surgery: 1–2 days

Final advice will be given by the treating surgeon.

14. What will be the final costing?

Answer Script:

Cost depends on diagnosis, hospital, room category, and insurance coverage.

Once you share your medical details, we can arrange an exact estimate.

15. Will the problem recur after surgery?

Answer Script:

Surgery aims to permanently treat the condition.

However, long-term results depend on lifestyle, follow-up, and patient compliance.

Doctors provide complete post-surgery guidelines.

16. How will the treatment be done? (Example: LASIK)

LASIK is a laser procedure with:

- No stitches
- No injections
- Numbing eye drops applied
- Laser reshapes cornea

Laser time is approximately 10–15 minutes for both eyes.

The procedure is painless.

17. How much referral amount will I receive?

We provide ₹2,000 per confirmed surgical reference.

18. What documents are required for insurance approval?

- Aadhaar Card
- PAN Card
- Insurance Policy Copy
- Registered Mobile Number
- Email ID
- Passport Size Photograph

19. Is it necessary to bring an attendant on treatment day?

Yes, it is recommended.

If not, we provide a Care Buddy who assists with hospital coordination.

20. Is 24-hour hospitalization mandatory?

For non-daycare procedures, minimum 24-hour hospitalization is required for insurance approval.

Daycare procedures (like most eye surgeries) do not require 24-hour stay.

21. Will the same doctor handle OPD and surgery?

Yes.

The same primary surgeon handles consultation and surgery to ensure treatment continuity and reduced complications.

22. If my policy does not cover this treatment, can you still get it covered?

We cannot cover exclusions.

However, our TPA team thoroughly reviews your policy terms and discusses possible coverage clauses with the doctor to explore approval options.

23. Should I come fasting before treatment?

Light breakfast is allowed unless the doctor specifically advises fasting.

24. Can I smoke or drink alcohol?

No. Avoid smoking and alcohol 24 hours before surgery and until medications are completed.

25. How long does surgery take?

Surgery time: 10–20 minutes (for minor laser procedures).

Including checkup and observation: 2–4 hours.

26. Admission and discharge timing?

Daycare: Admission in morning, discharge by evening (post approval).

24-hour stay: Minimum 24 hours hospitalization required.

27. Will hospital provide food?

Daycare: No.

24-hour stay: Yes.

28. Are post-surgery medicines covered in insurance?

Generally, post-surgery medicines are not covered in cashless.

We provide reimbursement assistance.
Claim amount is usually credited within 15–20 days in registered bank account.

29. Pickup and drop distance limit?

Free pickup and drop up to 80 KM on surgery day.
